

# Project summary

## St John of God - Berwick

Victoria

The new St John of God Berwick Hospital was built to service one of Australia's fastest growing communities. The project included capacity for 210 new beds, 6 operating theatres, 2 endoscopy theatres, a cardiac/vascular catheter laboratory, six birthing suites and approximately 350 basement car park spaces.

The project also provided the first Intensive Care Unit for the region and a comprehensive range of cardiac services, including a dedicated cardiac unit.
