

# Project Summary

## Gold Coast University Hospital - Hybrid Theatre

Queensland

The Hybrid Operating Theatre offers the team at the Gold Coast University a state-of-the-art facility for both medical imaging and treatment.

The project consisted of the world-class Hybrid Theatre along with auxiliary and support rooms, as well as associated works to relocate existing facilities for the new theatre. Integral to this project is the seamless integration of equipment and services to offer medical teams the most efficient and flexible workflow allowing them to deliver the highest level of care to patients.
